Submitting for orders Copy of letter no. 68 dated 9th instant from the Superintendent of Police K. G. F. re the necessity of bringing into force the provisions of section 26 of the Cattle Trespass Act in certain parts of the Kolar Gold Fields

GPB—1,50,000—20-6-11

Kolar Gold Fields are put to great loss on account of damage Caused to their crops by the Cattle belonging to the residents of the said Colonies. The fines prescribed under Section 12 of the Act to be levied on the Cattle impounded seem to have no effect on the owners, and as I often hear complaints that Cattle are habitually allowed to damage crops &c, I am of opinion that a more severe punishment is necessary as suggested by the District Superintendent of Police.

2. I therefore request that you may be so good as to obtain the Sanction of Government to levy such fine not exceeding double the fine prescribed in the aforesaid Section on every head

of Cattle of any Kind impounded within the above area as Contemplated in the proviso to Section 12 for a mile to the east of the Kolar Gold Fields Maine Road from the Belgaum-palli Cooly Colony about half a mile to the west of Baligaum Palli village to the Logavada Modaliar's Chattram in the Oorgaum village.

Sir,

In reference to your docket No. 8952/L.B.182-12-4 dated the 7th instant, I have the honour to enclose herein a sketch showing the area into which it is proposed to introduce the " Double fine " section under the Cattle trespass Regulation No. VIII of 1892. The black ink line shows the straight line proposed to be western boundary of the area connecting the chatram at Oorgaum and the colony in Belaganpalli.

2. As one mile to the east of this line passes in some cases through a portion of the Revenue Survey Villages in that vicinity, it will be more useful if the whole of such villages are included in the notification specifying the operation of this penal provision. The Balaghat and other Companies situated towards the northern end of this gold bearing area of the Fields are less active than the others situated further south, but yet a number of coolies originally settled in Pitchapalli, Ghatkamdenhalli, continue to still occupy those colonies and it will be equally useful to the pristine ryot population of these outlying villages, if these penal provisions are extended into these villages as well. I would therefore propose that the marginally noted villages lying to the
